Bending tool for 50 to 300 mm² solid aluminium conductor underground cables

See online
technical sheet

/ Standards

EN 60900 / IEC 60900

/ Use

Bending tool for 50 to 300 m² solid aluminium conductor underground cables.

/ Technical specifications

Insulating tool : fully non-metallic

Cross sections : 50 mm² - 70 mm² - 95 mm² - 120 mm² - 150 mm² - 185 mm² - 240 mm² - 300 mm²

Advantages

1 tool for 8 phase cross-sections
Compact
Lightweight
